

Factory Based Overhauls

Setting world class standards in overhaul and refurbishment

Expertly managed overhaul and refurbishment is one of the most effective ways to prolong the life of your MAN, Mirrlees Blackstone, Paxman, Ruston or Pielstick engine, and to minimise lifetime costs.

MAN Diesel & Turbo's Colchester Overhaul Centre is the most comprehensive diesel engine overhaul facility in the UK. The purpose-built unit has a 35 tonne lifting capacity with dedicated areas for sub-assembly, turbocharger and cylinder head assembly, engine rebuild, electrical and dynamometer test-bed facilities and emissions testing.

The Overhaul Centre is staffed by highly skilled technicians with in-depth experience in transforming diesel engines – including other recognised brands – back to their original condition. They are supported by a technical support team who have access to all the original design information relating to any MAN Diesel & Turbo engine.

Whether overhauling a MAN or third party engine, MAN Diesel & Turbo will only use genuine spare parts and offers a full warranty on all services from individual component repairs and refurbishments through to complete engine overhauls.

Engine performance is quality assured to ISO9001 standards and engines are thoroughly tested before they are returned to service, avoiding commissioning delays and minimising downtime.

Key benefits:

- Quality assured, cost effective service delivered to the highest standards
- Technical support and problem solving advice from highly experienced engineers
- Capability to undertake every kind of refurbishment including major overhauls
- Operations maintained at optimum levels with efficient turnaround and prompt return of engines to service
- Engine performance thoroughly tested and confirmed before return to duty, avoiding commissioning delays
- Through-life costs minimised with units restored to optimum operational efficiency
- Flexible, customer-focused after-sales service 24/7

For an overhaul service you can trust, contact MAN Diesel & Turbo today on +44 (0)1206 795151, email primeserv-uk@mandieselturbo.com or visit www.mandieselturbo.co.uk
